

DESHBHAKTI CURRICULUM

MIDDLE DEPARTMENT

MONTH : APRIL,2025

INTRODUCTION:

India is a fast-growing economy and a young nation with a large population of energetic, informed, and capable students. To channel this potential positively, the Deshbhakti Curriculum has been introduced in schools. It aims to nurture responsible citizens by fostering love for the nation, civic responsibility, and constitutional values. This initiative prepares students to contribute meaningfully to India's development and unity.

Activity For The Month of April:

This month's activity was based on understanding what it means to respect our nation. Students reflected on the elements we honor—such as our farmers, soldiers, national symbols, and the values they embody.

Students identified and appreciated key symbols of national pride such as the national flag, Our National Anthem.

They developed respect for those who contribute to the nation's strength, including community helpers and national heroes.

They understood the importance of unity, gratitude, and actively contributing to the nation.

Glimpses of the activities:
