Empowering Learners Beyond Books: Gyan Mandir Public School's Holistic Approach to Education

At Gyan Mandir Public School, Naraina Vihar we provide our learners with opportunities beyond books. Experiential learning and brainstorming activities help them think out of the box. A young student then gets the required training till he/she attains perfection, under expert guidance of our learned teachers. Excursions, heritage walks, and field trips help students gain first-hand experience and insight formation not only in a particular subject but creates connections across different disciplines. Interdisciplinary approaches towards learning lead to holistic development of children. The importance of physical activities is emphasized, and regular PE classes and sports activities are conducted to promote fitness, teamwork and discipline and to train students in the art of holistic living and well-being. Community outreach programmes and enterprise challenges develop in students' sensitivity and awareness about the self and beyond the self. Mutual respect, collaboration and leadership by example are strong values that such initiatives develop in our young students. They are made to

undertake theme-based case studies and project work at GMPS to make them understand and realise a big responsibility they are shouldering, that is of being either a whistleblower or the next change maker of the society that is ever growing and ever evolving.

Time to time grooming sessions and career counselling sessions are conducted at GMPS to acquaint our students with the latest changes in the entrance examination patterns and to keep the students up to date with the latest happenings around them. Activities that help students recognize and manage their emotions, fostering self-awareness and emotional resilience are also conducted on a regular basis. Exposure to diverse cultures, perspectives and background is given to students so that they become more open-minded and globally aware. Integrating STEAM into the curriculum inspires self-expression, innovation and aesthetic appreciation. Mindfulness and self-reflection practices are taken up which help students connect with their inner selves and explore their beliefs and values. We provide supportive and nurturing environment that fosters students' individuality and encourages them to become well-rounded individuals.

नागरिकों के मूल्य, स्वभाव, विचार, आचरण एवं व्यवहार से ही राष्ट्र के चरित्र का निर्माण होता है। किसी देश का उत्थान या पतन इस बात पर निर्भर करता है कि उस देश के नागरिक किस स्तर के हैं और वहाँ की शिक्षा पद्धति कैसी है। आज़ादी की ७५वीं वर्षगाँठ पर दिल्ली सरकार द्वारा दिल्ली के विद्यालयों में पढ़ने वाले बच्चों के लिए देशभक्ति पाठ्यक्रम का प्रारंभ किया गया। इसी पाठ्यक्रम का अनुसरण करते हुए **ज्ञान मंदिर पब्लिक स्कूल** का अपने छात्रों को भावी सुनागरिक बनाने का यह एक सतत प्रयास है। गत कई वर्षों से हमारे विद्यालय ने समाज को कई उच्च अधिकारी, डॉक्टर, वकील, इंजीनियर, अध्यापक आदि प्रतिभाशाली नागरिक प्रदान कर प्रगतिशील समाज की स्थापना की है। इस पाठ्यक्रम के माध्यम से हम अपने विद्यार्थियों में उन मूल्यों एवं भावनाओं को स्थापित करना चाहते हैं जो उन्हें सफल, कर्तव्यनिष्ठ, जिम्मेदार एवं सच्चा देशभक्त बनाकर राष्ट्र निर्माण के योगदान के लिए तैयार करें।

 <p>आज मैंने अपने देश के तिरंगे को गर्वित (खुश) किया। जैसे- * आज मैंने नल बंद कर पानी बचाया।</p>	  <p>आज मैंने अपने देश के तिरंगे को गर्वहीन (दुःखी) किया। * आज मैंने नल बंद नहीं किया और पानी बर्बाद होने दिया।</p>

परिणाम—मैंने उपरोक्त कार्यों के माध्यम से अपने देश के तिरंगे को गौरवान्वित/गर्वहीन किया

प्रण—मैं प्रण लेता/लेती हूँ कि मैं और भी अधिक लगन व कर्तव्यनिष्ठता से अपने देश को गौरवान्वित करूँगा/करूँगी
