

REPORT

READING CAMPAIGN

17.2.2022 TO 21.2.2022

CLASSES VI TO VIII

Students were asked to read a story and explain it in their own words.

It was an initiative taken to develop the love for reading amongst the students. Flipping through the books, wallowing and plunging into different moodsmystery, adventurous or funny, left the children over the moon feeling a sense of pride and satisfaction .

This activity not only gave them a chance to pronounce the language correctly but also induced confidence through self-expression of their thoughts.
