

# GYAN MANDIR PUBLIC SCHOOL

A visit to "National Science Centre"

Date: 10-05-2022

- A visit to National Science Centre was planned for students of Gyan Mandir Public School and schedule was prepared for different classes on different days.
- On the 10<sup>th</sup> of May' 2022, students of class **VII and VIII** were taken to the National Science Centre, before leaving for destination students were briefed about their visit to National Science Centre and to maintain the decorum of the Centre.
- After arriving at the destination, students were divided in several groups in such a manner that every group have one escort with them during their visit.
- The visit started with a 3D show based on Aquatic life, the show elaborated what are the parts of an Aquatic Life, and how they breathe under water, what they eat, how it helps to maintain the Ecosystem.
- After this, students entered in the fun gallery where they played several games which were based on several scientific laws, theorems and facts.
- After this, students entered the Chemistry section, where they saw various facts and chemical reactions afterwards they visited Social Studies section, where they saw various models based on geography, historical architectures.
- After this, students saw "Science on a Sphere" show, on a room sized display which showed the science of Earth and our solar system by using animations. The show mesmerized students and gave a lot of information to them.
- After this students visited Biology section, where they saw the exhibition on Human Body at different ages (i.e. from a new born baby to a fully grown adult).
- Students enjoyed their visit to National Science Centre and learned a lot of new things.

Some snapshots of the visit to “National Science Centre”
