

GYAN MANDIR PUBLIC SCHOOL

EARTH DAY CELEBRATION

DATE:-22.4.25

CLASSES-VI TO VIII

It is a day to reflect on the planet's health, educate communities about pressing environmental issues and advocate for sustainable practices. Since its inception in 1970, Earth Day has influenced global environmental frameworks, fostered international cooperation and inspired landmark agreements. Earth Day is an annual reminder that climate change has a major impact on our planet, our lives and our future. It can also increase awareness and drive change. Earth Day continues to evolve and add value to sustainability movements across the globe.

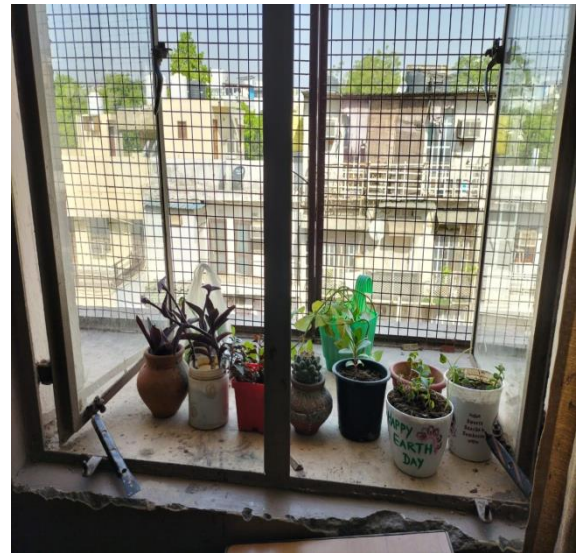

ACTIVITY: Earth day was celebrated in the Middle Department with great pomp and show. Students enthusiastically participated in certain activities from grade VI to VIII wherein they gave tribute to mother Earth in the form of growing saplings, designing posters and so on and so forth.

LEARNING OUTCOMES: The students were able to: -

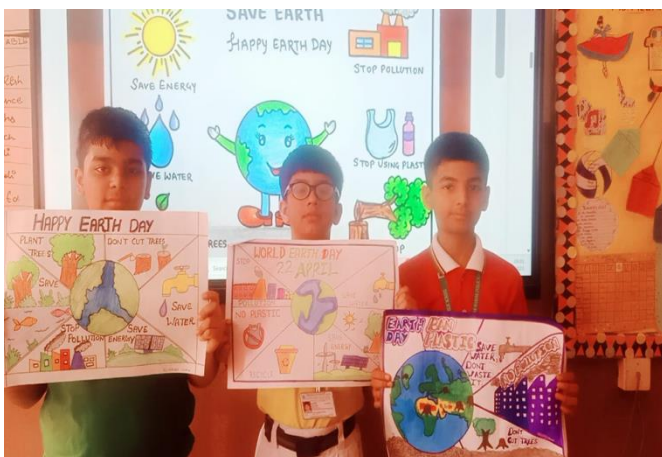

- relate human behavior to the environmental impact.
- raise awareness among themselves about the importance of protecting our planet and take action.
- Understand the consequences of environmental degradation:
- analyse personal consumption in terms of environmental impact.
- create a plan to reduce personal environmental impact.

GLIMPSES OF ACTIVITY:

Grade VI

Grade VII

Grade VIII
