Mother's Day - a sweet and charming occasion that any son or daughter can't afford to miss is a commemorative event which is cherished and loved by all. This is the day we all get to celebrate with our best friend and the person to whom we always turn to when we need advice. This day celebrates the bond of love and affection that is everlasting and is something everyone can relate to.

Keeping this bonding emotion in mind, our school made this Mother's Day the most memorable and unforgettable for their students by involving them in preparing something special and unique for their mothers.

- explore the roles that mothers (or other females) play within the family unit.

The day started with a rhythmic dance . Some students spoke a few sentences on Mother's Day while some recited rhymes for their mothers. It was followed by the students decorating a photo frame with their mothers' photo in it which enhanced their creative skill and value of education.
