

**GYAN MANDIR PUBLIC SCHOOL
A VISIT TO PRADHAN MANTRI SANGRAHALAYA**

DAY & DATE- Thursday , 01.05.25

CLASSES – VI – VIII

Our school organised an excursion trip to Pradhan mantri Sangrahalaya, inaugurated on 14 April 2022, for students of Classes VI to VIII.

The purpose of the visit was to provide students with an insightful experience into the lives and contributions of India's Prime Ministers and to foster a deeper understanding of the country's democratic journey. The students, along with their teachers, set out from the school in the morning with great enthusiasm.

Upon reaching the museum, they were greeted by an impressive and modern architectural space nestled in the historic Teen Murti Estate.

The museum's engaging displays, interactive panels, digital exhibits, and rare photographs captured the attention of the students.

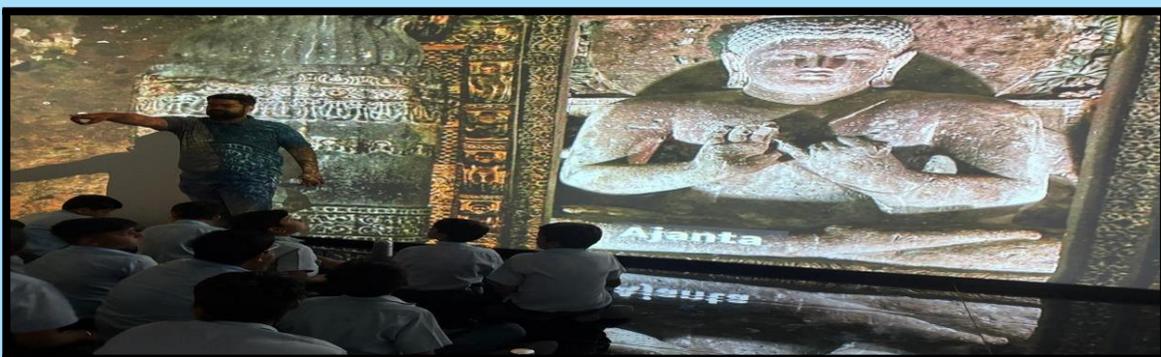

They learned about the life, vision, and achievements of each Prime Minister of India—from Pandit Jawaharlal Nehru to the present

leadership. The immersive storytelling techniques and audiovisual presentations made the visit both informative and inspiring.

Students were particularly fascinated by the sections dedicated to key national movements, significant policy decisions, and challenges overcome by various leaders. The visit not only broadened their understanding of Indian political history but also instilled a sense of patriotism and respect for democratic values.

After exploring the museum thoroughly, the group took a short break for refreshments before heading back to school. The trip concluded with a sense of satisfaction and curiosity among students to learn more about the country's history and governance.

Students have been assigned a project on their visit to the Pradhan Mantra Sangrahalaya (Prime Ministers' Museum) in New Delhi, the project consists of questions and is structured to cover a variety of educational and engaging aspects.

The excursion to the Pradhan MantriSangrahalaya was a memorable and enriching experience. It helped bring textbook knowledge to life and encouraged students to appreciate the legacy and leadership that has shaped modern India. GyanMandir Public School continues to believe in holistic education that combines learning with real-world exposure.
