

GYAN MANDIR PUBLIC SCHOOL

A VISIT TO “PRADHANMATRI SANGRAHALAYA”

CLASSES- VII & VIII

DAY & DATE- Wednesday & 17.05.23

Our school organised an excursion trip to Pradhanmatri Sangrahalaya, inaugurated one year ago in April 2022, for students of Classes VII and VIII.

The place, located at Teen Murti Chowk, holds a narrative record of the contributions of the 15 Prime Ministers toward the development of the nation and Indian democracy right from Independence to the making of modern India. At the place, the students got the opportunity to learn about the Experiential learning of concepts.

The trip's objective was to expand students' knowledge about the rich political history and institutional legacy of the architects of India's past, present and future. The students also gained a comprehensive understanding of the working composition and historical/ political relevance of the post of Prime Minister.

Students also evaluated the policies of the different national governments in the context of national and International relations.

They also clicked pictures at various locations and pledged to make India a powerful country through hard work and efforts.

It was a wonderful experience for students as well as for the teachers.
