

# GYAN MANDIR PUBLIC SCHOOL

## A visit to "Mother Dairy"

- The Educational Trip was planned to provide an industry exposure to the students of class IX & X with a visit to the Mother Dairy Plant Parparganj.
- On 12<sup>th</sup> & 13<sup>th</sup> May 2023 the students assembled in the ground and departed for the visit 9:30 am
- The visit began with the screening of a short film and presentation providing a deep insight into journey of the venture and its establishment into a successful company.
- The presentation gave knowledge about how Mother Dairy was established as a cooperative unit collective milk from farmers in rural areas and marketing in urban areas.

- Students were taken through the production facility including the quality check of milk samples, pasteurization process and the packaging and storage until the products are sent out for delivery.
- After that Students were explained about silos.
- The students very actively walked through the plant with the officials who explained the whole process of manufacturing and packaging of milk and other milk products.
- Students felt a sense of pride to learn about the indigenous, local brand which is working with international standard today.
