

## Class – Pre - Primary

### Shape Jump

Date – 3<sup>rd</sup> July,2025

The Shape Jump activity was a resounding success, promoting physical activity, shape recognition, and problem-solving skills among Pre – Primary students. It was a fun and engaging way to develop essential skills while encouraging active learning.

#### Description

Various shapes were placed on the floor. The teacher gave instructions (e.g., "Jump on the square" or "Jump on the circle"). Students jumped from one shape to another, following the teacher's instructions.

#### Learning Outcomes-

Through this Activity ,the learners were able to –

1. Develop critical thinking by following shape patterns and sequences.
2. Enhance gross motor skills through jumping and movement.
3. Identify and recognize basic shapes (squares, circles, triangles).

#### Glimpses of Activity
