

## Class: Pre-Primary

### Activity: Puzzle Fun Time

Date: 22nd September 2025

Learners of Pre-Primary classes enthusiastically participated in the Puzzle Fun activity of body parts and shapes identification.

#### Learning Objectives -

Through the activity, the learners were able to -

1. Enhance their motor skills.
2. Strengthen their hand-eye coordination.
3. Co-relate objects with shapes and mathematical concepts.

#### Activity Description -

For this activity, all the learners experienced the concepts of maths and shapes by co-relating them with puzzles of body parts, shapes and means of transport. The teacher encouraged them to experience these concepts in groups, so that they can also share their understanding with their peers.

#### Learners' Involvement -

All the learners were enthusiastically engaged as they discovered the shapes and learnt about mathematical concepts through real life experience.
